TCF/Crime Report

As we know, car thefts are up and Kias and Hyundais are the main targets of vehicle thefts.

There was 1 reported rape. She called from 10th & Emmett, unaware of how she got there and reported that she was sexually assaulted while downtown, near the flood wall. She is in the hospital and not willing to give much more information.

Assault at 2324 Menard. A man yelled outside the building for a female resident to come out, she did not, and he fired several shots at the building. There are warrants out for the suspects.

Assault at Social House (bar fight). Assault at 1035 Geyer when a man pulled into the back parking lot, some men told him he could not park there, and they argued and it ended with one of the men punching the other.

Business Report

Review of accounting through August including revenue from taxes and expenditures to date.

Communications: All crime reports and minutes are updated on the website. With the next Renaissance issue coming up, we plan to run another article about our car clubs, camera program, etc.

Old Business

We are exploring additional locations for our camera program, including Pontiac Park and locations on 9th Street. We are also looking to rebid our camera program out and putting out an RFP. We are limited to working with companies that service GenTech cameras, which is only a few local companies.

New Business

Introduction of Shawn Caruso, who has applied for our open commissioner role as a residential renter.
